**Sec. 50. STATE EMPLOYEE TELECOMMUTING — POLICY DEVELOPMENT — IMPLEMENTATION.*

1. *The director of a department or state agency to which appropriations are made pursuant to the provisions of this Act shall assess the extent to which job classifications or individual employment positions with the department or agency might be effectively performed from an employee's residence or other remote location through telecommuting, thereby increasing office space within the department or agency and reducing administrative costs. The assessment shall include an estimate of the number of department or agency employees whose job responsibilities could be effectively performed on a telecommuting basis, projected costs of establishing and maintaining work stations at an employee's residence or other remote location and providing telecommuter support, anticipated savings to the department or agency through a reduction in the office-based workforce, and anticipated time and cost savings to telecommuting employees. A report summarizing the assessment shall be submitted to the director of the department of administrative services, and the members of the general assembly, by November 1, 2007.*

2. *Based on the assessment conducted pursuant to subsection 1, the director shall develop a telecommuter employment policy for the department or agency and a timeline for initial policy implementation and plans for expanding the number of telecommuting employees. Specific office-based workforce reduction percentages shall be left to the discretion of the director, but the director shall implement a policy transferring some number of office-based employees to telecommuter status by January 1, 2008. The director shall report to the director of the department of administrative services and the members of the general assembly on an annual basis beginning January 1, 2009, the number of telecommuting employees, cost savings achieved by the department or agency, and plans for continued transfer of office-based employees to telecommuter status.**

CHESTER J. CULVER, *Governor*

Dear Mr. Secretary:

I hereby transmit Senate File 551, an Act relating to and making appropriations involving state government, by providing for agriculture, natural resources, and environmental protection. Senate File 551 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve the item designated as Division XII, Section 50 in its entirety. This provision requires the director of a department or state agency included in Senate File 551 to examine employee telecommuting options, develop a telecommuter employment policy, and implement a plan designed to increase the number of telecommuting employees. Many departments maintain employee telecommuting policies currently. These policies and procedures have been in place for several years and are well established. The designated language

* Item veto; see message at end of the Act

in Section 50 directing a department or state agency to conduct an assessment of its telecommuting policy is duplicative and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the above reasons, I respectfully disapprove of the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 551 are hereby approved this date.

Sincerely,
CHESTER J. CULVER, Governor
